CUT RIVER FUND

CONGRESS APPROPRIATES 20 MILLION FOR WORK BEGUN.

WAR TAX A NECESSITY

Increased Income Is Needed Eventually Because of War—Upholds President and Legislative Body.

(By W. C. Van Cleave.)

This week so far has witnessed the passage of the river and harbor appropriation bill through the senate and the introduction of the war tax measure in the house. It is hardly correct to say the river and harbor bill passed the senate for it did not. The determined fight made upon it there resulted in the passage of an amendment which struck out all after the enacting clause in the bill and in lieu thereof inserted a provision for the expenditure of twenty million dollars on projects already under way, at the discretion of the secretary of war and specific work and appropriates a lump sum of \$20,000,000.

It strikes out all provisions for sum as above stated. It will meet with considerable opposition in the house, owing to the conditions brought about by the war in Europe, may be agreed to?

Taxes Many Articles.

The special revenue bill as introduced carries an additional levy of 50 cents per barrel on beer and other similar fermented liquors; 20 cents per gallon on domestic sweet wines containing more than 3 per cent of saccharine matter and 12 cents on all other domestic wines; a tax of 2 cents per gallon on gasoline, motor spirits, naphtha, and other similar products suitable for motor purposes. It also levies a special tax on bankers, brokers, pawnbrokers, commercial brokers, custom-house brokers, theatres and amusement houses generally, billiard rooms and bowling alleys.

Manufacturers of and dealers in tobaccos, cigars and cigarettes, also come in for their share of the burden and, in addition, schedule "A" of the Spanish war tax stamp tax, is, with some exceptions, to be reenacted. The stamps are to be omitted from checks and drafts.

In this connection, the democrats of the house have shown a splendid coherence and again demonstrated to the country that they are capable of unselfishly rallying to the standard of their commanding general when the country's welfare is at stake. When the matter of levying an additional tax came up, there were many conflicting notions as to how it should be done. There were many conflicting interests. Mr. Underwood differed from the president in some essential matters.

Stood by Executive.

Other influential members differed from both of them. When, however, they were impressed that the occasion called for patriotic and prompt action, personal interests and personal views were set aside. Mr. Underwood brought in the bill practically as the president thought best. A party caucus was called by the democrats and they agreed to make it their bill and go into the house almost solidly behind it. In this way, short work is made of it in the house. They not only assume the bill, but they assume responsibility for it.

This spirit is what has made this congress the most fruitful in the enactment of beneficial legislation of any congress we have yet had. When the record is made up, it will be found to have done an enormous amount of work and to have been in session more than any other congress since the foundation of our government, and it has well under way a great many good measures that will yet become law.

The bill will be acted on promptly in the house and will have passed that body before this letter is printed.

The republicans of both house and senate announce their intention to fight the revenue bill in an effort to prove to the country that their high tariff was the correct thing and would have, if retained, prevented all the trouble including the war in Europe and the Mexican revolution.

Upholds President's Stand.

The effort of some republican newspapers to make it appear that the president has not been candid with the public in asking for a special tax levy on account of the European war is nonsense to those who stop to think a moment. Instead of masking his request, many members of his own party think he was, from a political standpoint, brutally frank in suggesting it at this time.

Republican politicians were in desperate straits for any thing on which to make a campaign but they are busy now constructing a plan of battle against this levy which they say could have been avoided if their policies had been adopted by the democrats in congress. Of course the passage of such a law could have gone over until December and the government would have still continued but,

the fact is, the president is not playing politics of any kind unless staying on the job and conscientiously attending to business may be considered politics.

Democrats Stand Together.

Having made up his mind that the tax would eventually have to be levied on account of the foreign eruption, which promises to be long continued, he wanted the world to know that the issue would be met promptly and he wanted the people to know what to expect without delay. If he had desired to cover up anything, he would have kept silent as to the whole matter until after the fall elections.

TO CAMPAIGN DISTRICT.

Bull Moosers Will Put Seven Speakers In This Section.

Plans of the progressive party for a strenuous campaign the next five weeks in this state and the several congressional districts will be discussed at a conference of the state committee in St. Louis today.

The congressional district, the 4th has been promised seven speakers for the campaign, including A. D. Norton and Arthur N. Sager. Nathaniel Sisson of this city, the Bull Moose nominee for congress, is planning an active canvass. It is presumed also that this district will receive a generous share of the state campaign fund, amounting probably to several hundred dollars.

YOUTH'S FAIR SCHOOL STARTS.

Nodaway County Sends Representative to Sedalia—Ends Friday.

The boys' state fair school was begun in Sedalia this morning with one youth present from nearly every county in Missouri. Nodaway county will be represented by Dewey Burch of Pickering, the successful one of three county residents who applied for the scholarship. He left yesterday for Sedalia. The school adjourns Friday. It is held in connection with the State fair, now in progress there.

Each of the attendants at the school is furnished free entertainment at the fair and is given instruction on agriculture and general farming. Only boys between 12 and 17 years old are admitted.

TO BUILD TELEPHONE LINES.

New Connection With Burlington Jet. And Quitman Is Arranged.

New direct telephone lines between Maryville and Burlington Junction and Maryville and Quitman will be built by the Mutual companies of these three towns. This was decided at a meeting of telephone representatives at Burlington Junction Saturday evening. A. H. Hughes, W. O. Garrett and Alfred Shackleford, constituting the board of managers of the Peoples' Telephone Union of Maryville, attended from this city.

Two new lines will be built as soon as possible, Mr. Garrett said this morning. Work is expected to begin within about ten days, or as soon as material arrives. Construction forces will work from each end, each connected town building half-way.

The meeting was the annual one of the Burlington Junction system, at which officers for the ensuing year were elected. One line now connects these towns.

HEAR TAX COMPLAINTS.

County Court as Appeal Board Listens To Merchants' Woe.

The county court met as a board of appeals at the court house this afternoon to hear complaints of merchants over the county, relative to alleged high assessments. They were made at the last monthly meeting of the court, forming a board of equalization, September 7. At that time the assessments of twenty-five merchants—ten of them Maryville business firms—were increased by an aggregate of \$9,575.00.

But two complaints had been brought to the attention of the county court at 2 o'clock this afternoon. The tax of Luther Forsyth, proprietor of the Maryville Packing Company, was reduced from \$150 to \$75. A complaint of a Maryville merchant was heard but no action was taken until further evidence is adduced. It appears that most of the merchants over the county are well satisfied with the present assessments.

Earl Campbell Ill.

Ted Campbell left this morning for St. Joseph, called there by the serious illness of his brother, Earl Campbell, who is at Ensworth hospital in a critical condition. A. M. Campbell, the father of the boy went to St. Joseph Saturday to visit his son.

Return From Kentucky.

Mr. and Mrs. J. M. Hasty, who live northeast of the city returned Saturday from a three weeks' trip during which they visited relatives at Mt. Vernon and Louisville, Kentucky.

Spent Sunday in Maryville.

Miss Neva Airy, who is teaching in the schools of Burlington Junction, spent the week end visiting in Maryville with her mother, Mrs. Nellie Airy.

BRING SHOWS HERE

FOURTEEN DISTINCT ATTRACTIONS TO ENLIVEN HOMECOMING

ONE OF BEST ON ROAD

Commercial Club Contracts With An Amusement Company For Entire Five-days Event—In Illinois.

Fourteen separate and distinct shows known as the Thomas W. Allen Shows, playing this week at Jacksonville, Ill., will be in Maryville during the entire five-days Homecoming event, October 13 to 17, inclusive. A contract for the attractions was made by W. R. Jackson of the Commercial Club today, after returning from a three-days quest for Homecoming attractions.

The company is considered one of the best amusement concerns of its kind now playing in the country. The shows are all said to be clean and entirely devoid of such vulgarity as occasionally creeps into the majority of shows of its kind. The Allen shows are transported in a special train of twenty-six cars.

Mr. Jackson left Maryville Friday for points in Iowa and Illinois to arrange for bringing homecoming to the Homecoming. After looking several over with resulting rejections, on account of the class of amusement offered, he picked up the Allen Shows at Jacksonville. They played throughout the Illinois State Fair at Springfield, the week preceding the only show in the better class of towns and cities.

Not only are the Allen shows declared by Mr. Jackson to be clean ones, but they also are strictly new and up-to-date, new features in showdom being used, with of course some of the older stand-bys retained.

It carries an eighteen-piece band, while each of the shows also carries its own orchestra.

Some of the attractions are: the "Pantana," musical show combined with a motion picture outfitting in which human posing is featured; the "Water Circus," of swimming and diving feats; the "Crystal Maze," in which scores of mirrors predominate; the "Trip to Mars," with varied adventures; a dog and pony circus, an appeal to the smaller "Homecomers," an old-fashioned southern minstrel show and two Filipino midgets, brother and sister, who do amusing stunts and dance.

MANY TO CHRISTIAN SCHOOL.

Rally of Third Street Church Is Successful; 542 Attending.

The Rally day of the Christian church Sunday school, for which preparation was begun several weeks ago, proved to be a genuine rally. The total attendance was 542, with an aggregate contribution of \$21.18. Special orchestral music was provided with solos interspersing.

One of the innovations virtually with Rally day, although previous preparations had been made for it, was the organization of a young married folks class, of which the Rev. Robert L. Finch is teacher.

COMPARES EDUCATIONAL POWER

Normal Faculty Dean Addresses the Students on its Broadening Scope.

An address on "Educational Peaks" was delivered to the Normal student assembly this morning by Prof. George H. Colbert, dean of the faculty. He used as the basis of his subject the comparison between the ascent of a mountain at one time in his life, and that of the height in education.

He explained to the students the great similarity, in that as one goes gradually up a mountain or peak, his scope of view widens and becomes broader and the pleasures are greater just as in education, the greater the education and knowledge, the wider that person's viewpoint is and the greater his pleasures and possibilities in life.

Ret and Fay Corrough of Arkoe were in Maryville yesterday evening.

PREDICT FAIR WEEK.

Showers May Appear Middle of Period—Promises Normal Temperature.

Normal fall weather with little rain is the forecast sent out by the government weather bureau for the coming week. The bulletin says:

"Showers will attend a disturbance that will appear in the far west Monday and Tuesday and move eastward, crossing the great central states about Wednesday and the eastern states Thursday or Friday. Otherwise the week will be one of generally fair weather.

"This disturbance will be preceded by rising temperature and will be followed by a change to cooler weather over the northern half of the country.

"Temperatures during the week will average near the normal over practically all parts of the country."

RUN AWAY VICTIM IMPROVES

Expect William Conlin to Recover Unless Internally Injured.

William Conlin, who operates the William T. Key farm near Barnard, and who was dragged by his team late Friday afternoon and seriously injured, is expected to recover according to Dr. Charles T. Bell, who together with Mr. and Mrs. Key and daughter, Neva, returned from there at noon today.

He is said to be recovering steadily and will recover, unless he is internally injured. It is believed however that his injuries consist almost entirely of the many bruises and lacerations about his body.

His clothes were almost entirely torn from his body, by being dragged the quarter mile by the team.

ALL STARS LOSE 2-8.

Stanberry Wins Second Battle—Five Runs in One Inning.

The Stanberry Red Sox came back for the second time at their home diamond yesterday afternoon and defeated the Maryville All-Stars by a score of 8 to 2 in an all-the-time one-sided baseball game. They probably will play the home team on its own diamond next Sunday, when the All-Stars hope to make amends for the past two weeks suffering.

Ham pitched for the All-Stars, and not badly at that, except in the second inning when he walked three, batted one, and another batter batted a two-bagger, resulting in five scores to their credit.

PREDICTS DELUGE OF HOGS.

Prominent Stockman Says Farmers Will Rush In Stock.

William N. Wray, a prominent live stock shipper and well known on the St. Joseph market, predicts a heavy run of hogs to market soon. Mr. Wray, who operates in Nodaway county, says the crop of pigs is fully normal and he expects farmers to cash them before they are finished for shipping. He says the country fears a low pork market on account of the good supply. Mr. Wray says conditions in the country at this time are in good shape. Grass is excellent and corn promises to yield well.—St. Joseph Stock Journal.

ALLOWS CLAIM FOR \$660.

Administrator of Sharp Estate Receives Pay for Attendance.

Anderson Sharp, administrator of the estate of his sister, Mrs. Louan Sharp of Pickering, who died August 24, was allowed a claim of \$660 by Probate Judge W. H. Conn this afternoon, without protest. William L. Linville of Skidmore, was appointed special administrator by the court, in this claim, to defend the Sharp estate against its administrator, although it was without protest.

Sharp asked that the court allow him \$30 a week for caring for and boarding his sister from March 25, when she became bedfast until her death, five months later.

Mr. and Mrs. Fay H. Casteel and child of Ravenwood and Mr. and Mrs. Hubert Null and son, Fay, of Casteel Ridge, were visiting relatives in Maryville yesterday.

William McGann of Kansas City, came to Maryville Saturday to visit at the home of his aunt, Mrs. Ellen McCaffrey and family.

CIRCUIT COURT ON

SEPT. TERM CONVENES WITH JUDGE W. C. ELLISON PRESIDING

HEAR MOTIONS TODAY

One Parole Is Revoked in First Day's Docket Purgings—Jury To Appear Wednesday.

The September term of the circuit court convened for a probable three-week session in the court house this morning with Judge William C. Ellison presiding. Little was done this morning except the hearing of motions, renewing or revoking paroles and otherwise purging the docket, preparatory to the beginning of trials, before judge and jury.

While the docket contains 133 more cases of all kinds than it did the April records, the term is expected to be closed by October 20. There are several important criminal and damage cases docketed for disposal at this term. Several of the more important may be continued however, it is stated.

The petit jury of twenty-five men have been summoned to appear for service Wednesday morning.

Revokes Parole.

The parole of Melvin Dickey, charged with violation of the local option law, was revoked by the court. Dickey was sent to the county jail. He was fined \$600 in the January term. He was unable to pay costs and fine, Dickey is from Parnell.

The following paroles were continued: Wiley Davis, Robert Wilson, Lawrence Kent, Roy Vanfossan, Charles Still, Cecil Stackhouse and Robert McGinness.

The following were discharged on payment of costs: Eugene Schooling, James Mulholland, Clarence Rhodes, (four cases) and George Liston.

In a case of Anna R. Andrews, et al vs. Mary Linebaugh, et al a mandate, from the supreme court was ordered recorded and judgment ordered. The plaintiffs then filed a motion to retax costs.

In the case of Mary J. Scott vs. John T. Griffey et al, for partition, M. E. Ford was appointed guardian for the minor defendant, Jesse Scott Griffey.

In a case of the state against Everett L. Morgan et al on ouster proceedings an alternate writ was ordered issued, returnable by October 12.

In a case of George W. Otis against the William Nichols' heirs to perfect title, the plaintiff was given a decree.

Dispose of Many Cases.

F. P. Robinson was appointed guardian for Abigail Halasey, insane, in a suit filed by John Halasey.

Action on other suits was taken as follows: Adam J. Kimmet, et al vs. Frank W. Kimmet, et al, partition; Ellis G. Cook was appointed guardian for minor defendants; Ulysses G. Bloomfield, et al vs. Susannah Lamar, et al, perfect title, continued for lack of service; Mahaley E. Neal and John T. Neal vs. Melvin Neal, et al, partition, continued by request of plaintiff; Mary Livasey vs. Joseph Jackson, Jr., and S. G. Gilliam to set aside deed, defendants file motion for change of venue and cause ordered transferred to circuit court of Andrew county; Albert S. Hanna vs. A. Winfred Neil, et al, for foreclosure mortgage, plaintiff dismissed suit; Barney Brady against the Washash railroad company damages, plaintiff dismissed suit; Joseph Fagan vs. Chicago, Burlington and Quincy railroad company, damages, plaintiff dismissed suit; A. L. Williams against Bankers Life Insurance company, the plaintiff dismissed suit; One Hundred and Two Drainage District against Dennis N. Burch for back tax, plaintiff dismissed suit; John S. Waldo against A. S. Robey on contract, defendant files motion for cost bond, plaintiff confesses motion and asks leave to sue as poor person.

In the case of Elvora N. Foster vs. Edward Miller for damages, and A. L. Foster against Edward Miller, also for damages, defendant in both cases filed motions for cost bond. Motions were sustained and plaintiffs have leave to file cost bond by Saturday.

Divorce Cases Tuesday.

The divorce docket will be taken up tomorrow. There are twenty-three of these cases. They are: Dorothy Burroughs against William Burroughs; Jane Davis against Jesse Davis; Albert I. Cook against Elizabeth Cook; Larkin McMichael against Lillie McMichael; Fred B. Sheley against Nora M. Sheley; Laura E. Cloud against James H. Cloud; George W. Royston against Ogden Royston; Luduska F. Bolinger against Harry W. Bolinger; W. P. Houston against Katherine Houston; Matilda T. Barker against Charles S. Barker; Irene New against Gernie New; Grace O. Johnson against Brainerd I. Johnson; Mary Ellen Wood against Max Gerald Wood; Nellie Litten against Fred Litten; Ida McMullen against Richard McMullen; Golda V. Spittler against Benjamin H. Spittler; Della G. Miller against Roy H. Miller; Isaac Kime against Minnie J. Kime; Lizzie E. Wallace against Orville A. Wallace;

Synthia A. Muse against Scott Muse; Ethel Alden against Edwin F. Alden; Myrtle Pulley against Carlos Pulley; Florence L. Staples against Willis J. Staples.

The following parole cases were dismissed and defendants discharged upon payment of costs: Roy Reece, Jesse Colter, Dora Gates, Ira Gates, Mark Adkins, Claude Walters, Joe Horn.

Catherine Gebbekin and others, plain tiffs in a suit against P. L. Gowney and others to set aside deed got a change of venue to Andrew county.

Oscar Sallee of Elmo held eleven charges of delivering intoxicating liquor to minors and gaming was fined \$25 and costs in each of four cases. The other seven cases were dismissed upon payment of costs as the state was unable to secure sufficient evidence against Sallee. The fines and costs against Sallee in the four cases will amount to \$250.

The case of the state against Tony Hamilton for gaming on three counts was dismissed by the prosecuting attorney.

George Anderson pleaded guilty to gaming on two counts and was fined \$25 and costs in each one.

Roy Fancher pleaded guilty to disturbing the peace and was given a sentence of 60 days in the county jail. Fancher's home is in Graham.

TRAPP MAKES FINE TALK.

Graham Lumberman Addresses the Northeast Lumber Association At Kirksville.

The Kirksville Morning News of yesterday's issue contained the following relative to the Northeast Lumberman's Association which was held in that city Saturday.

The chief talk of the evening, and one which is bringing its author much fame, is that of C. C. Trapp, of Graham, on "Credits and Terms of Sale." The address contained suggestions which might easily be helpful if adopted in any business. He told of the lack of system among the business men in general and lumber dealers in particular in regard to extending credits and the general terms of sale.

"He stated that a few months after his father he found that their book accounts and notes exceeded the investment in the business by thousands of dollars, and that there was no regularity in the sale terms. That he knew it would not do and he worked out a system which is used in their business and which is told in brief in a placard kept posted in a conspicuous place in their office: It is as follows: Our Terms, building material, 90 days; coal 30 days; 8 per cent interest charged on all accounts not paid when due; 2 per cent for cash on building material; No discount on coal. These terms are strictly adhered to and care is of course exercised in extending the credits, being done in the most systematic way."

Shaping Glee Club.

The Normal Glee Club is being brought into shape and organized for the 1914-1915 school term under the direction of Prof. H. B. Schuler, of the Conservatory of Music. Monday's period will be devoted to talks by members of the Normal faculty, educators of the city and Normal visitors; Wednesday to devotional exercises and Friday to music under Prof. Schuler's direction.

To Have Farmers' Picnic.

Rockport merchants and progressive residents have evolved a new scheme to get acquainted with the farmer folk. It is in the form of a farmers' fall picnic, to be held there Thursday. The principal speaker will be William Anwyll Jones, who lectures on "Ideas and Ideals in Community Building."

Miners Reject Truce Plan.

The Colorado coal operators have refused to accept President Wilson's proposition for a three-year truce and the strike which has resulted in seventy-five deaths may continue indefinitely unless the president takes over the mines or closes them down.

Leaves For Home.

Mrs. J. L. Hunt, No. 147 East First street, who has been visiting relatives in and near Spokane, Wash. and Salt Lake City, since July 9, left the former city this morning on her return home. She is expected to arrive on Wednesday night or Thursday.

Begin Revival Meetings.

Revival meetings were begun in the Christian church at Skidmore yesterday morning, with the Rev. James C. Creel, pastor in charge. They will continue two weeks.

New Employee at Haines.

Miss Stella McDowell is employed as clerk at the Haines store, beginning work there this morning.

Mr. and Mrs. J. S. Casteel of Ravenwood and Mrs. M. S. Casteel and Mrs. S. B. Craven of the Casteel Ridge were visiting relatives in the city yesterday.

RUSS IN HUNGARY

CAZAR'S FORCES GO OVER CARPATHIANS AT LAST.

AUSTRIA IS HIT HARD

Germans Also Retreat Before Onslaught of Eastern Enemy and Belgians—Fortify Liege.

(By American Press.)

London, Sept. 28—What is considered one of the biggest successes of the present European war to the allies, at least, was made by the Russians in an at last successful attempt to cross the Carpathian range of mountains into Hungary. The czar's troops crossed at the Uzsook pass and city which they captured. It is near the source of the river Ungh.

After making the natural barrier, the Russian army proceeded to spread out over the plains of Hungary at the western base of the mountains, and are sweeping the country before them. It is reported. Many prisoners, besides ammunition and guns also, were taken by the invaders of the Hungarian steppes. The Russians have tried to cross the Carpathian mountains repeatedly since entering Galicia but have every time previous been defeated, more because of the natural barrier than through attacks by the Teutonic army.

GERMANS FLEE BEFORE RUSSIANS IN OWN LAND

Report Victory to Czar in Long Anticipated Battle—Belgians Attack Teutons and Win.

London, Sept. 28—Telegraphing from Petrograd, a correspondent for the London Chronicle says, "It appeared last night as if battle in west of Russia, for which vast German preparations had been made, has been fought at last ending in retreat of Germans. They are shelling the fortification works of Osoewetz as they go."

Paris, Sept. 28—A dispatch to the "Petit Parisien" from Amsterdam says violent fighting has occurred between the Germans and Belgians at Shootin, Termonde and Hofstade. In the latter locality the Germans came stock in the mud and were obliged to retire before attacks of Belgians.

It also confirmed that the Germans are fortifying Liege.

LINCOLN TO VOTE AGAIN.

Petitions From Northwest Township to Come Before County Court.

Lincoln township will vote again on a \$25,000 bond issue for good roads. Petitions are being circulated now in that township requesting the county court to call such an election.

It is believed the proposition will carry this time. It was defeated before on September 12, by only 24 votes. The petitions will be presented to the county court at its session next week.

YOUNG FARMER HURT.

Bert Joslin, of Quitman, Injured in Run-a-way Accident Yesterday.

Bert Joslin, a young farmer who lives near Quitman, was seriously injured Sunday morning when the team he was driving ran away and he was thrown from the wagon. In the fall, one rib was broken and the bone penetrated his lung. His condition is critical this afternoon.

Is Building Barn.

Elwood Miller, living on a farm, three miles north of Graham, is having a new barn built. Frank Gohn of Burlington Junction has charge of the construction. The new building will be 28 x 32 feet in dimensions and two stories high. He expects to have the barn completed the latter part of this week.

It is being built unusually strong throughout. Cement was used for the foundation while the lower floor to the structure also will be of concrete.

On Visit to Kansas.

Mrs. C. F. Ashford and daughter, Thelma, living north of the city, left Saturday for a visit of several weeks with relatives at Kansas City, Uniontown and Deerfield, Kansas. They were accompanied to Kansas City by Mrs. Ashford's mother, Mrs. Jacob Moore, who will visit there with her daughters, Mrs. Will Wyant and Miss Blanche Moore.

Miss Bertha Schmauder of Burlington Junction spent the day in the city the guest of Miss Ella Nole today.

THE WEATHER

Fair tonight and Tuesday. Not much change in temperature.

LIFE And The Game

LIFE is like a game of chess. The disappointed man may find that his particular game is a failure, because he sits waiting for somebody else to make a play when it's his own move. Things seem to have gone wrong generally. The other man has the bank account. The other man makes the wise investment. The other man annexes to himself all the desirable things of life. What's the trouble? Have you forgotten your part in the game?

Don't sit watching his brilliant moves and allow your own opportunities to get cornered. Take a hand in the game. Start an account with us and get so in earnest, so absorbed in the game that you compel others to watch. That's the way to win. It's your move NOW.

NEED HEALTH MEN

GOVERNMENT SUGGESTS EMPLOY-
MENT OF SANITARY OFFICERS.

TO PREVENT DISEASES

Public Service Department Explains
How to Exterminate Mosqui-
toes, Breeder of Disease.

In the health reports issued September 4 by the United States public health service, attention is called to the fact that one of the greatest social needs at the present time is competent health officers for cities, villages, and rural communities. During the last twenty or thirty years, much knowledge has been obtained as to how disease may be controlled and prevented. Much of this information, however, being comparatively new, has not become common knowledge. It will probably do so only when the principles of how to live to keep well and to avoid disease are taught in the schools, along with mathematics and grammar.

Trained health officers now know that many of the common diseases, such as tuberculosis, typhoid fever, diphtheria, smallpox and measles, can be controlled and prevented. When any city or other community really desires that these diseases be prevented, they will be able to have it done, and can rid themselves of these enemies of man, which actually cost more in lives and money each year than would the waging of a war with a foreign enemy.

In order, however, that a city or other community may protect itself, it is necessary that it have a health department or health officer, and not only this, but that the health officer or the head of the health department shall know about health administration and the prevention of disease.

Unfortunately, there are at the present time comparatively few persons trained in public health administration and the prevention of disease as it relates to communities. For this reason it is impossible to find compe-

tent persons to fill the thousands of positions of local health officers. The great need at the present time, therefore, is not more knowledge of how to prevent disease, but more people familiar with the knowledge which has already been acquired by experts. The federal public health service suggests that state departments of health train the local health officers of their respective states by establishing correspondence courses in health administration, and that examinations be held annually and certificates issued to those who have shown themselves proficient.

Such courses would be welcomed by health officers. Others also would be glad to take them, because of the useful information they would give and their educational value.

Punch holes in the bottom of tin cans and prevent malaria! This is only one of several suggestions for the destruction of mosquito breeding places contained in an article on "Mosquitoes and Malaria," in the weekly public health reports of September 4, issued by the United States public health service.

Mosquitoes are the only known agents in the transmission of malaria. The author of the article states that in a recent sanitary inspection of a certain section of North Carolina, mosquito larvae were found by the thousands in empty tin cans that had been thrown into boxes or on trash heaps, and in which rain water had collected. What a simple health measure it would have been for the person who opened and emptied the can to punch a hole or two in its bottom with the can-opener then and there!

But the larvae were also found in other places. Tin buckets that had contained paint, glass bottles, kegs, barrels, water-tight boxes, and in one case an old iron safe, door side up—all were furnishing their quota of mosquitoes to add to the prevailing sickness. In two small towns countless "wiggie-tails" were found in open boats, that had been drawn up on shore and contained water from recent rains or small leaks. In another place a baby's bath tub, sitting partially filled with water, was breeding numerous mosquitoes. Several fire-buckets and fire-barrels in a lumber yard were hatching out thousands more.

There are other and larger problems involved in the destruction of mosquitoes, such as the drainage of swamps and marshes, but the efficacy of these measures, which often are costly, is greatly reduced if persons continue to furnish breeding places for mosquitoes at the very doorways of their homes.

GERMANS FAIL TO CROSS THE NIEMAN

Petrograd Report Says Attempt
Foiled by Russian Forces.

Petrograd, Sept. 28.—The general staff gave out the following statement: "The German attempts to cross the river Niemen near Druenki (Russian Poland) have been foiled by our forces. The German artillery has been unable to oppose our offensive movement near Sopotkin. The German retreat toward the government of Suwalki has become general. The fortress of Ossowicz continues to resist the German heavy siege artillery with success.

"The fights in Galicia have been marked by especial tenacity, particularly at a hill where the Hungarians were dislodged from three positions and withdrew in disorder. We have taken a whole battery and several hundred prisoners. The pursuit of the enemy continues.

"All communication with Przemyśl are cut. The defense of the fortress there remains passive. Deserters say they heard that great troubles have been encountered in the garrison.

"The forts of the river Vistula are occupied by the Russians. The Austrian rear guards have fallen back toward Donauetz."

Russians Enter Plains of Hungary.

London, Sept. 28.—"Pursuing their success the Russians have pushed

forward Uzsak (Hungary), a source of the river Tisza, with numbers of guns, military stores and prisoners," said the Petrograd correspondent of the Morning Post. "The Russian have descended into the plains of Hungary."

KING GEORGE REVIEWS ARMY

About 150,000 Volunteers Pass Before
Royalty at Aldershot.

Aldershot, England, Sept. 28.—King George, who was accompanied by Queen Mary and their daughter, Princess Mary, passed the day here in inspecting a huge section of Field Marshal Earl Kitchener's new army. Most of the men were in khaki, but here and there were seen splashes of black where regiments of men who had not yet received their uniforms were drawn up.

Altogether 150,000 men passed before their majesties, many of them wearing ribbons and medals of the South African and other campaigns.

The royal party also made a tour of the German prisoners' camp.

VOTING COUPON

NODAWAY COUNTY HOMECOMING
MOST POPULAR LADY CONTEST

Portrait of winner to be shown in fireworks in connection
with Pain's Mammoth Pyrotechnic Display.
FRIDAY EVENING, OCTOBER 16,

Name of Nominee.....

Address.....

This Coupon good for 1000 Votes.

To Attend State Fair, for Sedalia, Mo., to spend the week at
Lawrence Ogden left Saturday night tending the state fair.

GOOD REASONS

WHY CAPTAIN HYSLOP

SHOULD BE NODAWAY COUNTY'S NEXT REPRESENTATIVE

1. For more than forty years he has been a citizen of the county, has expended more money and energy, boosting both County and State, than any man in Nodaway.
2. His acquaintance over the state with men of affairs is larger than any man in the county.
3. No man in the district has better knowledge of her laws and requirements than he.
4. He stands for best things, and no money can buy him. Adv.

Before buying you should know how a range is made inside and outside. Call at our store this week and let us show you why the MAJESTIC has the reputation of being the best Range on earth.

Don't forget the dates. Save
\$8.00 by buying this week.

C. A. BARBOUR
SOUTH SIDE HARDWARE

VILLA DEMANDS CARRANZA QUIT

Insists on Immediate Resignation as Price of Peace.

WILL NEVER RECOGNIZE HIM.

Rebellious Northern Leader Asserts He Won't Stand For Former Superior as President or Vice President of Republic Either.

Chihuahua, Mex., Sept. 28.—Immediate resignation of General Venustiano Carranza as first chief of the Constitution is the only basis on which General Francisco Villa will agree to a settlement of the differences between himself and Carranza. This was his reply to messages from officials in Mexico City, who protested against his attitude toward Carranza. Villa declared he would never accept Carranza as head of the republic. General Villa's reply, as given out here, follows:

"I lament the circumstances that have brought about grave danger, but sincerely protest that my sole ambition will be to arrange existing difficulties without shedding blood, if possible.

"I emphatically state, however, that the only move that can bring about cessation of hostilities on my part is that Venustiano Carranza deliver supreme command to Fernando Iglesias Calderon, so that in the shortest possible time, elections may be called. At the same time I declare I shall not accept Carranza as president or vice president or president ad interim of the republic.

"I shall prove the rectitude of my intentions and the disinterestedness which animates the force of this division. Later the world will realize where rests true disinterestedness and where abortive ambitions."

Leave For Aguas Calientes.

Mexico City, Sept. 28.—General Obregon, the Carranza commander, and three generals left here for Aguas Calientes to meet a like commission from General Francisco Villa's army in an attempt to adjust the differences existing between Carranza and Villa. Officials here are yet hopeful that a peaceful solution of the problem may be found.

GERMANY BUYS NO WINE

Bordeaux Growers Will Try to Capture Trade of United States.

Bordeaux, Sept. 28.—In many of the famous vineyards around Bordeaux vintage has begun. Women, children and old men are taking the places of the men fighting at the front. They are aided by refugees from Belgium and northern France.

The crop is not abundant, many immature grapes having dropped from the stock owing to premature blossoming, but if the promise of the fruit is fulfilled, the wine will be good.

The disposal of the wine is likely to be a problem, as about 20,000,000 bottles went to Germany each year, and, in addition, the spending power of the world will be diminished for some time to come, owing to the immense cost of the war.

With a view to compensating this falling off, the Bordeaux growers intend to make a strong effort to capture the big trade in sparkling Hock and Moselle heretofore done in the United States by Germany. Incidentally, they hope to deprive champagne of some of its vogue.

TEUTONS BURN BELGIAN TOWN

Germans in Revenge Apply Torch to Village of Bilzn.

Amsterdam, Sept. 28.—The Maastrecht correspondent of the Nieuws Van Den Dag has sent the following dispatch:

"Belgian soldiers blew up the railway at Bilzn, near Hasselt. Shortly afterwards a German military train was derailed and destroyed. In revenge the Germans burned the village. One hundred and fifty refugees arrived here from Bilzn.

"At Brussels the garrison continues actively to perfect the defense works. A complete belt of barbed wire now encircles the city, within which is a double line of trenches. It is also stated that all the high roads leading into Brussels have been mined."

Krupps Work Day and Night.

Edinburgh, Sept. 28.—A Scotch woman, who has returned here from Germany, where she has been staying with friends at Essen, relates that work is going on at the Krupp gun factory day and night. The gun and ammunition departments alone are being operated and 40,000 men are constantly employed.

Boer Offers Sword.

Bordeaux, Sept. 28.—The Boer general, Francois Jaubert-Piennair, has arrived at Bordeaux to offer his sword to the allied armies. "I fought against General French in South Africa. Now I am going to fight with him," said the general.

Kaiser Reported in East Prussia.

London, Sept. 28.—According to a Petrograd dispatch to the Times "it has been ascertained beyond doubt that the German emperor has come to East Prussia."

P. E. O. Chapter Picnics.

A delightful affair of the week end was the Autumn picnic held Saturday afternoon at the home of Mrs. Ira Richardson, by the members of the P. E. O. Chapter. This merry making was the occasion of the reassembling of the chapter for the winter's program. The program books were distributed and a few minor matters of business transacted in preparation of the forthcoming season's study. A cafeteria supper was served at six o'clock on the veranda. In her duties as hostess, Mrs. Richardson was aided by her sister, Miss Margaret Perry of Boise, Idaho, who is her house guest for the winter. Those present were Miss Lois Perin of Queen City, Mo., a visiting member, Mrs. J. C. Allender, Mrs. J. E. Bailey, Mrs. C. C. Corwin, Mrs. Frank Garrett, Mrs. O. C. Hanna, Mrs. Fred Kurtz, Mrs. Leroy Lippman, Mrs. C. D. Nicholas, Mrs. John Richey, Mrs. Charles Wadley, Miss May Anthony, Miss Nellie Conrad, Miss Mary Evans, Miss Fannie Hope, Miss Carrie Hopkins, Miss Nell Hudson, Miss Mabel Todd, Mrs. Richardson and Miss Perry. The Saturday afternoon affair was under the direction of the officers of the chapter. The first literary afternoon will be held on October 10, with Miss Mary Evans as hostess.

Eversoles Entertain.

Mr. and Mrs. D. R. Eversole were the hosts of a dinner given today noon when their guests were Mrs. Anna

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

Guest of the Clarks.

Mrs. Elmer Howard and son, Hubert, of Savannah, came to Maryville Saturday to spend a week, the guests of A. T. Clark and J. S. Clark and families.

The General says:—

The advantage of a guarantee on roofing lies in the fact that you can call upon the manufacturer to make good if the roofing falls down. But no guarantee should be accepted unless it is made by a concern of recognized responsibility.

Certain-teed ROOFING

Quality Cert-ified Durability Guaranteed—
is guaranteed five years for 1-ply, ten years for 2-ply and fifteen years for 3-ply, and our guarantee is backed by the biggest roofing mills in the world.

BUSINESS SECURITY. Stagnation In All Countries, Not Insuring This Security.

One of the most important questions of the day relates to the extent to which a government should interfere in the affairs of business. The successful man has always had to run the risk of attack. Safety from unreasonable interference by government or attack by others leads the ambitious man on to his greatest exertions. In some countries, as in parts of Asia, government rapacity has made it dangerous for a man to acquire anything beyond his bare necessities. In such a society, nothing but poverty and business stagnation can exist. Governmental intervention in the affairs of business should extend only over such things as are necessary for fair publicity and truthful statements. Under such a government, business security is at its best. Individuality and initiative are encouraged; the country is progressive, and its future prosperity is well guarded. But as soon as legislation begins to deprive the producer of a square deal or where business is "regulated" by people without the experience and necessary training, business security will be transformed into business depression. A government should be limited to its natural functions of just and reasonable legislation for the greatest good of the greatest number of people, and should never show favor in order to "catch votes" or to secure campaign contributions.

In addition to Certain-teed Roofing, we also manufacture a complete line of lower priced roofings, building papers, shingles, sheathing, carpet linings, etc., put up in standardized rolls, packages and weights. They are accepted as standard by leading architects and engineers. Your local dealer will be pleased to give you full information about our goods and will quote you reasonable prices. Be sure the goods are made and guaranteed by us.

AEROPLANE DROPS FOUR BOMBS IN PARIS

One Man Killed, Girl Wounded and Houses Wrecked.

Paris, Sept. 28.—A German aeroplane dropped a bomb into Paris, killing one man and seriously wounding a girl.

The bomb fell in Avenue du Trocadero, at the corner of Rue Freychet, a short distance from the Eiffel tower and a block from the American embassy. It is believed the missile was intended for the wireless station on Eiffel tower. The head of the man killed was blown off and the legs of the girl, his daughter, were shattered. Many houses, including that of the Prince of Monaco, were badly damaged by the bomb. Nearly where it fell are buildings containing army stores.

The aeroplane dropped four bombs. One fell in Rue Vineuse; another in Rue de la Pompe, where many Americans reside. A third dropped among a herd of cattle on the Autenil race track. Comparatively little damage was done by these three bombs.

TEUTONS ARE BEATEN BACK

Germans Hurdled Against Flower of Allied Troops in Vain.

On the Battle Front, Sept. 28.—(Via Paris.)—Desperate attempts made by the Germans on the western end of the long line of battle to break through the allies' forces which are engaged in a turning movement, have resulted in the most furious fighting which has taken place since the beginning of the campaign.

After fighting without respite night and day, corps after corps of Germans was hurled against the flower of the French and English armies, only to be thrown back.

The infantry bore the brunt of the incessant fighting, but the artillery of both armies continued throughout twenty-four hours to bombard each others' positions. Hand-to-hand combats occurred at many points and bayonets were used freely.

FIVE BOMBS FALL AT DYNZE

Man Mortally Wounded and Roof of Hospital Damaged.

London, Sept. 28.—A German Zeppelin made a bomb-dropping tour of several Belgian cities, according to a dispatch from Ostend. The airship visited the cities of Alost, Ghent, Dyzne, Middelbeke and Rollegem, dropping five bombs at Dyzne, which mortally wounded an old man and damaged the roof of a hospital. One bomb was dropped at Rollegem, but did no damage. The Zeppelin disappeared in the direction of France.

German Ship Taken.

Palmouth, England, Sept. 28.—The German ship Ossa, bound from Portland, Ore., for Ipswich with a cargo of wheat and barley, was brought into this port, having been captured by a British warship.
